

Classical Antiquity and its Heritage

Research Seminars

Autumn 2022

Digital Classics 2

We continue the discussion that we began in the Spring about how the digital shapes the classical and how this affects the future of the discipline.

Speakers:

Johann Ramming: "The Neo-Latin Wordlist (Neulatin.de): Writing a Dictionary in the Digital Age."

Tom Brughmans, AU: "Quantitative Roman Ceramics Data Analysis."

David Laguna Palma, Universidad de Granada: "Digitising Roads and Endangered Sites along the Ancient Libyan Sea: The Peraia Project Experience."

Wednesday 7 September 14:15-16, 1461-316
