

# FROM THE SOURCE TO THE SEA

## BRONZE AGE DEPOSITIONS AND WATERSCAPES

AU-MOMU JOINT BI-ANNUAL SEMINAR  
31 MAY, 14.00 – 17.00  
CONFERENCE ROOM: 301, THE TOP FLOOR  
(ENTRANCE: NORTH OF THE MUSEUM BLD)

*Recent work has highlighted the ambiguity of depositional places and the importance of water in different forms (bogs, lakes, springs, rivers, coasts etc.) when people chose specific locations. This afternoon seminar is dedicated to landscape elements in Bronze Age depositions and their waterscape.*

- 14.00 Welcome and short introduction  
by Lise Frost, Moesgaard Museum
- 14.10 Water politics and more-than-human considerations in Bronze Age depositions  
by Christina Fredengren, Stockholm University (keynote)
- 14.45 Late Bronze Age Votive Deposits in Northern Jutland  
by Niels Algreen Møller, Museum Thy
- 15.15 From the source to the sea – A regional study of Bronze Age depositions from Eastern Funen  
by Malene R. Beck & Lise Frost, Østfyns Museer / Moesgaard Museum
- 15.45 Questions and discussion  
led by Mette Løvschal
- 16.15 Reception with light refreshments

**Participation is free and everyone is welcome!**

Organisers: Malene R. Beck, Lise Frost  
(lf@moesgaardmuseum.dk) & Mette Løvschal  
(lovschal@cas.au.dk)

Funding: Kulturministeriets forskningsudvalg, projektet:  
"Offerfund og landskab"
