# Sandbjerg writing retreat

Wednesday 30 November – Friday 2 December 2016

Website: <http://www.sandbjerg.dk/en/>

We are glad to announce that CT will be on the road again. This time we organize a CT writing retreat at Sandbjerg Gods. 35 persons signed up for the retreat when we asked in June, and we hope that many of you will confirm your participation. In a busy working context, the challenging part for researchers is often to find time and peace to concentrate on the writing and reading processes. The program is meant to support each person's/research group's creative and academic working process. We hope this is a valuable model for facilitating research work and research collaboration at the department.

The **final deadline** for signing up for the retreat is **20 September at 8pm**. Please **register** online <https://auws.au.dk/SandbjergWritingRetreat> (no later than **20 September at 8pm**):

- Confirm your participation
- Confirm which period you will be there (28Nov-2Dec – or 30Nov-2Dec)
- If you have any **special requirements** regarding the meals
- If you **bring your own car** (and how many people you can take with you)

## Program:

**Writing & research sessions:** You can choose between working on your own, take part in a 'Shut-up-and write' session with others (work in the same room & with a chair leader), collective writing, or, research group meetings/workshops.
